## WORK EXPERIENCE

---

### Human Agency(Formli)

**September 2019 – December 2022**

*Ruby on Rails Developer*

*St. Louis, MO / Remote*

- Formli is a no-code forms application designed to drive customer engagement with seamless experiences delivered through web, mobile and SMS platforms([Formli](#)).
- Integrated Stripe to tier Formli subscription levels as well as help customers raise ~\$490K through one-time/recurring payments
- Integrated Twilio Autopilot to create automatically generated SMS chatbot experiences that replicated their web/mobile forms and engaged customers through ~1.9 million inbound/outbound text messages.
- Participated as a member of an internationally distributed team to develop new capabilities for the application by participating in Agile ceremonies such as daily standups, occasional paired programming, retrospectives and sprint planning meetings.

### ISS

**March 2014 – May 2016**

*Assistant Land Surveyor*

*Philadelphia, PA*

- Worked to stake utility and property boundaries using conventional and GPS surveying methods

### United States Army

**August 2010 – December 2013**

*19K(M1 Abrams Tank Crew Member)*

*Ft. Hood, TX*

- *Honorably Discharged*

## EDUCATION

---

### Turing School of Software and Design

**January 2018 - July 2018**

*Backend Engineering Certificate*

*Denver, CO*

- Attended 7 month in-person full-time software engineering program focused on backend development

### Borough of Manhattan CC

**June 2016 - December 2017**

*Geology*

*New York City, NY*
